

APPENDIX B

PSL 1000.5(l) Section Number	PSL 1000.5(l) Section	Deer River PSS Section Number	Additional Notes
PSL 1000.5(l)(1)	As much information as is reasonably available concerning the proposed facility, generally in the form (though in less detail) that it will appear in the application	Section 2.0	Section 2.0 provides information on the Project and Facility including existing conditions, potential impacts, and where appropriate efforts to avoid, minimize and mitigate for potential impacts
PSL 1000.5(l)(2)	A preliminary scope of an environmental impact analysis containing a brief discussion, on the basis of reasonably available information, of the following items	Section 1.1	Section 1.3 provides a brief summary of potential impacts from the construction and operation of the Facility
PSL 1000.5(l)(2)(i)	A brief description of the proposed facility and its environmental setting	<ul style="list-style-type: none"> • Section 1.1 • Section 2.4.9 • Section 2.4.16 • Section 2.21.12 • Section 2.21.16 • Section 2.22.1 • Section 2.22.9 • Section 2.23.1.2 • Section 2.23.2.2 	<p>Section 1.1 defines the Project Area and Facility and provides a basic description of the Project Area.</p> <p>The other sections provide descriptions of the environmental setting for the Project Area</p>
PSL 1000.5(l)(2)(ii)	Potentially significant adverse environmental and health impacts resulting from the construction and operation of the proposed facility including also an identification of particular aspects of the environmental setting that may be affected, including any material impacts or effects identified in consultations by the public, affected agencies, and other stakeholders, and a responsive analysis by the Applicant as to those issues identified in consultations	<ul style="list-style-type: none"> • Section 1.1 • Section 2.15.5 • Section 2.17.4 • Section 2.21.13 • Section 2.22.2 • Section 2.22.3 • Section 2.22.8 • Section 2.22.13 • Section 2.22.17 • Section 2.23.1.3 • Section 2.23.2.4 • Section 2.23.5.1 • Section 2.24.1.8 • Section 2.24.1.9 • Section 2.24.2.8 • Section 2.25.4 	<p>Section 1.3 provides a brief summary of potential impacts from the construction and operation of the Facility</p> <p>Sections 2.15.5 and 2.17.4 address potential safety and health impacts.</p> <p>The other sections address potential environmental impacts including visual impacts [2.24.1.8, 2.24.1.9 and 2.24.2.8] and transportation impacts [2.25.4]</p>

PSL 1000.5(l) Section Number	PSL 1000.5(l) Section	Deer River PSS Section Number	Additional Notes
PSL 1000.5(l)(2)(iii)	The extent and quality of information needed for the application to adequately address and evaluate each potentially significant adverse environmental and health impact, including existing and new information where required, and the methodologies and procedures for obtaining the new information	Section 2.0	
PSL 1000.5(l)(2)(iv)	For proposed wind-powered facilities, proposed or on-going studies during pre-construction activities and a proposed period of post-construction operations monitoring for potential impacts to avian and bat species	<ul style="list-style-type: none"> • Section 2.22.4 • Section 2.22.8 	<p>Section 2.22.6 discusses pre-construction bird and bat studies.</p> <p>Section 2.22.8 provides information on post-construction monitoring</p>
PSL 1000.5(l)(2)(v)	A description of how the applicant proposes to avoid adverse impacts to the environment and health	<ul style="list-style-type: none"> • Section 1.1 • Section 2.15.10 • Section 2.17.4 • Section 2.22.3 • Section 2.22.7 • Section 2.22.8.3 • Section 2.22.14 • Section 2.23.2.5 • Section 2.23.4.1 • Section 2.23.5.2 	<p>Section 1.3 provides general information on the avoidance of potential Project impacts.</p> <p>Section 2.15.10 and Section 2.17.4 address avoidance of potential health impacts.</p> <p>The remaining sections address avoidance of potential environmental impacts, including Section 2.23.4.1, which addresses the SPCC plan.</p>

PSL 1000.5(l) Section Number	PSL 1000.5(l) Section	Deer River PSS Section Number	Additional Notes
PSL 1000.5(l)(2)(vi)	For those adverse environmental and health impacts that cannot be reasonably avoided, an identification of measures proposed to mitigate such impacts	<ul style="list-style-type: none"> • Section 2.15.11 • Section 2.19.9 • Section 2.19.10 • Section 2.21.11 • Section 2.22.3 • Section 2.22.7 • Section 2.22.8.3 • Section 2.22.14 • Section 2.23.2.5 • Section 2.23.5.2 • Section 2.24.1.10 • Section 2.24.4.4 	<p>Sections 2.15.11, 2.19.9 and 2.19.10 address mitigation of potential health impacts, including mitigating potential noise impacts.</p> <p>Section 2.24.10 addresses mitigation of potential visual impacts, and Section 2.24.4.4 address the mitigation of potential impacts to traffic.</p> <p>The remaining section address mitigation of environmental impacts.</p>
PSL 1000.5(l)(2)(vii)	Where it is proposed to use petroleum or other back-up fuel for generating electricity, a discussion and/or study of the sufficiency of the proposed on-site fuel storage capacity and supply	Not applicable to the Project	
PSL 1000.5(l)(2)(viii)	A description and evaluation of reasonable and available alternative locations for the proposed facility, including a description of the comparative advantages and disadvantages of the proposed and alternative locations, except that a private facility applicant may limit its description and evaluation of alternative locations to parcels owned by, or under option to, such private facility applicant or its affiliates	Section 2.9	Because the Project is a "private facility", the evaluation of alternative locations will be limited to those parcels owned by, or under option to the Applicant.

PSL 1000.5(l) Section Number	PSL 1000.5(l) Section	Deer River PSS Section Number	Additional Notes
PSL 1000.5(l)(2)(ix)	If the proposed facility affects any land or water use or natural resource of the coastal area and federal authorization or funding is necessary, a preliminary analysis of the consistency of the proposed facility with the enforceable policies of the New York State coastal management program or, where the action is in an approved local waterfront revitalization program area, with the local program	Not applicable to the Project	
PSL 1000.5(l)(2)(x)	A statement of the reasons why the primary proposed location and source, taking into account the potentially significant and adverse environmental impacts, is best suited, among the alternatives, including a "no action" alternative, to promote public health and welfare, including the recreational and other concurrent uses that the site may serve, except that a private facility applicant may limit its description and evaluation of alternative locations to parcels owned by, or under option to, such private facility applicant or its affiliates and its description and evaluation of alternative sources to those that are reasonable alternatives to the proposed facility that are feasible	Section 2.9	Because the Project is a "private facility", the evaluation of alternative locations will be limited to those parcels owned by, or under option to the Applicant.

PSL 1000.5(l) Section Number	PSL 1000.5(l) Section	Deer River PSS Section Number	Additional Notes
	considering the objectives and capabilities of the sponsor		
PSL 1000.5(l)(2)(xi)	A preliminary identification of the demographic, economic and physical attributes of the community in which the facility is proposed to be located and in which any alternative location identified is located, and a preliminary environmental justice evaluation of significant and adverse disproportionate environmental impacts of the proposed facility and any alternative facility identified that would result from construction and operation considering, among other things, the cumulative impact of existing sources of emissions of air pollutants and the projected emission of air pollutants from the proposed or alternative facility in a manner that is in accordance with any requirements for the contents of an Article 10 preliminary scoping statement contained in 6 NYCRR Part 487 promulgated by the DEC for the analysis of environmental justice issues	<ul style="list-style-type: none"> • Section 2.27 • Section 2.28 	<p>Section 2.27 addresses the potential socioeconomic effects of the Project and includes general information on the demographics of the area and potential benefits and effects of the Project on the surrounding communities.</p> <p>Section 2.28 specifically addresses Environmental Justice.</p>
PSL 1000.5(l)(2)(xii)	An identification of any other material issues raised by the public and affected agencies during any consultation and the response of the applicant to those issues	<ul style="list-style-type: none"> • Section 1.2 • Section 2.2.3 • Appendix E 	<p>Sections 1.2 and 2.2.3 describe the Project's PIP.</p> <p>Appendix E provides a copy of the PIP with associated Tracking Log.</p>

PSL 1000.5(l) Section Number	PSL 1000.5(l) Section	Deer River PSS Section Number	Additional Notes
PSL 1000.5(l)(3)	An identification of all other state and federal permits, certifications, or other authorizations needed for construction, operation or maintenance of the proposed facility	<ul style="list-style-type: none"> • Section 2.32 • Section 2.33 	
PSL 1000.5(l)(4)	A list and description of all state laws and regulations issued thereunder applicable to the construction, operation or maintenance of the proposed facility and a preliminary statement demonstrating an ability to comply	Section 2.32	
PSL 1000.5(l)(5)	A list and description of all local laws, and regulations issued thereunder, applicable to the construction, operation, or maintenance of the proposed facility and a statement either providing a preliminary assessment of an ability to comply or indicating specific provisions that the applicant will be requesting the Board to elect not to apply, in whole or in part, and a preliminary explanation as to why the Board should elect not to apply the specific provisions as unreasonably burdensome in view of the existing technology or the needs of or costs to ratepayers whether located inside or outside of such municipality	<ul style="list-style-type: none"> • Section 2.6.1.3 • Section 2.31 	

PSL 1000.5(l) Section Number	PSL 1000.5(l) Section	Deer River PSS Section Number	Additional Notes
PSL 1000.5(l)(6)	A description of the applicant, its formation, status, structure, holdings, affiliate relationships, powers (including whether it has or will seek to obtain the power of eminent domain, either directly or indirectly), franchises and consents	Section 2.1	
PSL 1000.5(l)(7)	A description of the applicant's property rights and interests or those it proposes to acquire to all lands of the proposed facility and any private or public lands or private or public streets, highways or rights-of-way crossed by any interconnections necessary to serve the facility such as, but not limited to, electric lines, gas lines, water supply lines, waste water or other sewage treatment facilities, communications and relay facilities, access roads, rail facilities, or steam lines	Section 2.13	
PSL 1000.5(l)(8)	Any other information that the Applicant may deem to be relevant	The PSS document
